

Jen D: I filed suit against my former employer in April. Took them until August to make a decision and I got my check LAST WEEK

Jen D: My mother would have had a litter if she had the option

MamaCat: She once was telling me how no one should ever have any fertility treatment. I had to shut her up since that's how we got one of ours.

Jen D: she had her kids with the intention of being single

MamaCat: Thats different.

MamaCat: Wow, that is a while.

Jen D: My mother was 19 when I was born...and my father was 16

Jen D: I lived with Grandma most of my childhood

MamaCat: Oh, wow.

Jen D: THANK GOD

ManicNarcissism: wow, that is different Jen – mine was opposite, mom was 16 and dad was 18

Jen D: They got married when she was months pregnant with my brother. I was 2

Jen D: Then she got pregnant with my sister while my father was in jail

MamaCat: How long did it last?

ManicNarcissism: mine was married before – my mom was married at 15 – how screwed up is that?

Jen D: they got divorced when I was 6

MamaCat: Very.

Jen D: that is messed up

ManicNarcissism: yeah, they were divorced when I was 3

Jen D: My mother was with some guy for like...a night? Got pregnant with my sister

ManicNarcissism: and she remarried at 19 and has been married to him for 31 years

MamaCat: At least that is good.

ManicNarcissism: yeah

MamaCat: Time for me to pick peppers.

MamaCat: Let's see how many I can get.

Jen D: and when I had my daughter ...the guy was at the hospital with his girlfriend...they had a baby the same day

ManicNarcissism: i keep trying to get to farmin

Jen D: so the baby was my sisters BROTHER

Jen D: but my sister never knew about the guy

MamaCat: These are real ones.

Jen D: My daughter was in the kids class....

ManicNarcissism: yeah, my family is screwy, my daughter is 2 years younger than my youngest sister and my mom's half sister is younger than me – wackadoodle!

ManicNarcissism: Yeah for an extra hour

Jen D: that is confusing

Jen D: My dad got remarried to a girl MY AGE

Jen D: I have a little sister and brother that are younger than my kids

ManicNarcissism: doesn't it stink that by the time your parents get old you feel old too? my mom turned 50 this year and I was so excited that she was finally OLD

Jen D: lol. My mother is 60

ManicNarcissism: and I just remembered today that when I got married my mother was my age – that is scary

Jen D: and she has been “old” forever. She has so much “sickness” that she has been old since could remember

ManicNarcissism: awww

Jen D: she is not as sick as she puts on.....

MamaCat: Beware calling 50 old.

Jen D: but regardless...

ManicNarcissism: i don't think it is, that was my point
