In Regards to JenD and The Rip Off Report

Minutes ago, it was brought to my attention that JenD has had a rip off report filed against her. I have also read what is being said about her accusing me of performing this act. I'm on the record right now that I had nothing to do with it.

Furthermore, I do not condone rip off report in any way shape or form, as that site is specifically designed for public smearing, and extortion for SEO firms to collect money in hopes of moving that rip off report down the search engine list.

I may have my share of issues with JenD, and some of these wacko bloggers, but speaking from experience, I would not wish rip off report even on my worst enemies. Whoever did this is way out of line and these actions are not condoned here, not now, not ever.

As mentioned in a previous comment, issues like this are good examples of how Section 230 of The Communications Decency Act needs to be repealed, or modified to level the playing field.

JenD- I'd love to be able to pass up commenting to you, but I just can't! I understand you're a wife, mom etc... but so am I & it hasn't bothered you one little bit to post my name, husband's name & where I live has it? I'm also... a PERSON. Now some people may very well have coffee with you & by the end you all may become friends, but I see very clearly who & what you are. You made up lies about me & yes you did apologize, but I prefer to hang with people that wouldn't have lied about me in the first place & then you pull the Irene thing the other & then apologized for that. Apologies are great, but not lying in the 1st place is the path I choose to go down. I don't give a damn about what Matt's done to you, whose emailing or whatever else, because when you do what you've done there are consequences. Now from here out, you leave me alone & I'll be more than happy to return the favor. You may be retiring JenD, but all that means is you regret using your real name & by now have a whole new screen name made up. Jen in the kindest way possible, as kind as I can be towards you, LEAVE ME, MY NAME THE FUCK ALONE! There's no reason I should ever have to deal with you again. Now if any RWA, SWE or MH choose to talk to you that's their business & this is Lisa's site, but since I'm letting you know that I wouldn't piss on you if your guts were on fire, we should never have to deal with the other ever again. Correct? Now if you just keep pulling the same lying shit over & over, then I'm sure we'll meet up again sometime. To be completely blunt with you Jen, I consider being your friend in the same league as me being MH's friend. You move along & I'll move along & you don't discuss me & I won't discuss you. Seems like a plan to me.

Good riddance, JenD. I guess if any good came out of the Heckmess is that everyone's true colors came shining through. I still can't believe Jen teaches at a college because she is responsible for posting that Imperfect Woman blogger's... student Stefanie's name and college name on snark's blog. This is because she knew Stef's ip and her email addy. The college is attached to the addy... I know this as I have kids in college. WHAT A MIND BLOWER that Jen teaches a college class and yet she used her 'insider info' to cause harm to a college student. ALAS, it was all in vain because she was OUTING the wrong person... it turned out to be shawn/dr.shawn from Sage's. JenD may teach... but she sure ain't no TEACHER. No accredited, worth their weight in salt, teacher WOULD EVER CROSS THAT LINE.

What a hypocrite, JenD.

I am surprised that Stefanie and her parents didn't try and get snark's place shut down after you were harassing Stef.

AND NOW... to think that Sage let JenD post on her blog... after she harassed one of

Imperfect Women's longtime bloggers, not to mention what she did to shawn/dr. shawn. Sage should be ashamed of her/himself.

Geeze, 10doll...JenD did all that to you? What a creep. She needs to take that computer of hers and throw it over the falls. Maybe she could take an internet safety class at that college she pretends to teach at. SORRY that my JenD rant was posted on the last thread for some reason. I still can't get over that she's a college teacher of some sort after what she did to that poor college student, Stefanie, from Imperfect Women. Just desserts and karma to JenD, I guess.

Is it me, or does it look more and more like the RWA crowd may have had something to do with JenD and this rip off report issue?

-  *I agree with Matt* says:

[July 12, 2010 at 8:47 pm](#)

Matt I completely agree with you there. I also think that it is dirty to write a review about someone's company on Rip Off Report. I hope you succeed in finding and prosecuting the people that defamed you and your company.

-  *Matt Heckman* says:

[July 12, 2010 at 8:57 pm](#)

You are dead on. Rip Off Report is as much of consumer advocates, as The Anti-Kate Gosselin movement are child advocates.

We have government channels from our state attorney generals, to the BBB. Rip Off Report simply denies people due process. If we respond on

that site it just makes that post stronger in the search results. It's like trying to fix a cut on your arm with a chainsaw, it's just not that productive.

-  *Matt Heckman* says:

[July 12, 2010 at 9:02 pm](#)

Oh yes and the process to get Rip Off Report to reveal that information is hard as I mentioned before. Since they are based in Arizona, you have to put in a discovery case with them, and if you do get a court order for them to release the information, Rip Off Report will fight tooth and nail to appeal it hoping you don't have the money to continue. So unless you are a fortune 500 company, it's all but impossible.

A system needs to be put into place to counter Rip Off Report on equal footing. If we can give rights to terrorist, we can give them to our small business owners as well.

Nina has her opinions, but I respect her being impartial about this. I'm inclined to agree with her JenD is not doing herself any good by making threats toward me in this nature.

It is the first I heard about IWAY or whatever her name is or one of her followers stalking Nina.

It does not matter who it is. It is one thing to give an opinion online, it's another to attempt to bring them harm and in person no less.

-  *WTF? Does Nina write fiction for the Reading Eagle too?* says:

[July 12, 2010 at 8:44 pm](#)

Nina's stalking story doesn't make any sense.

Nina said....

She got her info from her son who worked for my Landscaping Co. I naturally contacted them and he was let go and they've changed their hiring and privacy policies.

+++

Why would some woman be interested enough in Nina to have her son spy on her?

What is the woman's motive?

How many people know that Nina blogs on anti-Kate Gosselin blogs?

How would a private investigator get blogspot, iwhyawli or the woman's ISP to give her any information.

I think the whole story is another fantasy made up my Nina to try and intimidate the clowns who read at RWA. Just my opinion. If anyone sounds like a stalker it would be Nina.

In this crazy gosselin blog world I wouldn't put it past JenD to write a Rip Off Report against herself so she can claim she is a victim.

I think JenD might suffer from "Münchausen by Internet"...seriously.

Why are you harassing this woman?
What did she do to you that warrants this continual stalking?

-  *Matt Heckman* says:

[July 13, 2010 at 11:07 pm](#)

Awipe,

First of all I have done nothing to harass this woman.

Second I don't know where you get your information from, but tell me where I'm stalking her. It seems with these women if anything is spoken of them by anybody that is critical, it is automatically my fault.

Honestly I have much better thing to do than to stalk a bunch of crazy bitches.

MATT,

Would you be happy if Jen hurt herself?

You tried to convince Snark to kill herself, are you doing this again?

If Jen is ill, shouldn't you just leave her alone? By poking her aren't you contributing to her possible breakdown? Would you be happy if she hurt herself, Matt? Would Jesus respect you if your prodding and harassment caused somebody to die?

-  *Matt Heckman* says:

[July 13, 2010 at 11:13 pm](#)

Awpie (again),

Regarding your first question NO! I would never wish anybody to hurt themselves.

Second question. I'd like to know where I ever said that I tried to convince Snark to kill herself? Show me a publication where I advocated that. You are twisting the facts once again. If you read the archives of this blog you know that it was Snark all on her own that made that statement.

I have also done nothing of the sort to JenD. JenD accused me of posting information about her that I did not post, and I simply responded.

Please get your facts straight and do your research and provide evidence before you attempt to accuse me of something again.

Silence didn't work

Irene decided I was the same as Heckman and Sage because I tried to change my screen name. For some reason Mrs. Smith thinks everybody should expose their IDs and if they don't do it willingly she will be sure to do it for them. Who's more like Heckman? hmmm?

I overreacted and I privately contacted Irene and asked her to stop bringing up my name at RWA. If Lisa, 10doll, or anybody else who was involved (or fairly knowledgeable) about the MH situation said the same thing, it wouldn't phase me. Irene said it to "fit it" and try to be a Diva. I'm glad she's welcomed with open arms. That Crazy needs a "soft place to fall" (waves to Nina) and it obviously RWA. I requested numerous times that Irene stop posting about me at RWA. She responded by posting my emails and my first name.

This opens the flood gates for TVSnark/JenD bashing. Was it fun? Are you done yet? Nope, That was Thursday. Today is Tuesday and I've been away from the internet for 3 days and see it's still continuing.

Someone is convinced that JenD/Snark own the SWOP blog. I wish we did but that isn't the case. However, I wonder why it would matter so much if it WAS my blog? Do past

transgressions mean I'm no longer allowed to have a blog? Who'd WANT a blog in this fucked-up Gosselinblogland community anyway? I've moved-on and would rather play video poker than talk about Kate Gosselin.

Someone, cough, MH, cough, is doing all the anonymous copy/pasting and probably posting as Brynn to continue the blog wars. If the divas want to believe what that man is doing to Jen is justified, good for them. All Jen ever did to that man was request he take her son's name off his blog. Her association with ME is why she's been targeted and hated and for that. Jen NEVER posted information about 10doll but for some reason others want to believe she did.

For the record, I'm not trying to whine or play victim. If I post on any other blog I get attacked for posting on another blog that isn't mine. THIS IS MY BLOG.

Thanks for providing this information. I'm going to have to talk to my old pal Mark at WordPress about this. They continue to say that I'm behind this stuff when they don't have one shred of evidence to back it up.

The only thing remotely Gosselin related I posted was my book review of Al Walentis, and from what I last checked, it seems Walentis is in hot water right now by pulling a Rita Cosby.

They have to get over the fact that not every poster that post bad things about them is me. I'm not this cyber boogyman they put me out to be. If they had any evidence to support their claims, they would not be acting like this.

Matt

The only thing you are guilty of is providing a free speech forum to people who like to joke, make fun of, criticize and laugh at crazy people, crazy politicians, crazy newspapers and whatever other crazy is out there.

Any rational person would realize that you don't spend your whole day writing comments about these crazy kate gosselin blog women.

People just need to chill out and roll with the punches.
