I like Suze a LOT. I might be able to reach out to her.

I have NO IDEA what the email account for Truth Teller would be. I wish I did!

Do you happen to remember the email address you tied into it? If not you can contact Twitter and just ask to have it shut down. You will have to fax in a copy of your driver's license to them, that's about it. Do you know Suzie (Sue) May Wong very well? I do.....she's almost as bad as ECJ, a very close second. I doubt she will ever stop however I'm willing to try and create peace there as well. I feel very bad about what happened with her family.....

You are very kind to say that. THANK YOU. I somehow managed to amass enemies, so I'm not sure that I'm all that smart. I share all this with my Bus. Com class under a "what not to do" topic. I still can't believe I've managed to have so many people HATE me. It's nuts.

I don't think I can delete that one account since I have NO IDEA what the log in is. How do you FIND this? I have one more account under my name-- I have not logged into that in a long time.

Sorry don't mean to creep you out, just very thorough. Like I've always said, I have no issues with you, I've studied you.....you're very very smart woman and I respect that.

You are creeping my out-- I have NO memory of this TruthTeller account but I agree, it appears to be mine. I don't know what email address is with it or what the log in is. I think I created that to talk to Kate. I actually wanted her cruise to work out...SERIOUSLY-- I love cruises and thought it would be great for the kids. Anyway- I asked for the password to be sent but so far, it hasn't come to any of my accounts. I bet it's some forgotten Gmail account.

I have my guys diving into that account, we'll figure it out. Can you please also disable [@sweettwitchick](https://twitter.com/sweettwitchick)? You and I can probably get a shitload accomplished.....believe it or not nothing would make me happier than having everyone just going about their lives without all this constant hate. You should know that I know everything about everyone.....I'm willing to back off because all I want is for everyone to have peace. This has been going on for years, I'm sure you agree, enough is enough.

Thank you for your help.

Hi! I did as you suggested and closed my accounts. I'm SUPER impressed you were able to get the info on ECJ. I'd love it if you get info on @NeveMediocre -- she still lurks at my author blog but uses a proxy.

Hi

I am just sending this as an example. I've disappeared from the scene for months at a time. I came back and posted at RWA for a while (as socks mostly because of the crazies) but then left again. I'm BARELY on twitter. They still mock and taunt me all the time.

After you revealed ECJ- they posted this tweet. "Truth_teller" says I'm "crying and sitting on my patio"...that's a reference to a conversation I had with them after Sage made a blog post about my miscarriage. I was DEVASTATED! At some point I said I couldn't stop shaking and that I was on my patio crying. This was probably 2 years ago, yet they still mock me for THAT?

BTW- how is your wife feeling???

Jen
